

Fair Play AS & HC Ltd 'PARENTS INFORMATION'

Fair Play advise Parents that:

Parental Consent

Registration and Declaration forms, and or Holiday club booking form must be completed for each child as a condition of acceptance - Forms are available at Fair Play Club or contact

Leonie Bailey (Play Leader) on 07905001403 or the club on 07974590360

Activities

We have a number of activities for the children to be involved in, some consist of messy activities, i.e. painting, material gluing or cast plastering. All our arts and craft materials are designed for use by children, there is always the possibility when participating in these activities that some damage to clothing may occur. We suggest a cautious approach in the choice of clothing worn by children attending the scheme. Activities are Optional, unless you have paid additional fees ie in the Holiday club if we have an external club or activity provider attending Fair Play, such as an animal experience team'.

Supervision

All events and activities take place under direct supervision of qualified and or experienced paid staff. There is always a qualified Paediatric First Aider on site.

Refreshments

Each child should bring a packed lunch – we provide fruit drinks and water for them all day. They can bring in additional snacks for breakfast and or the afternoon if you wish.

We provide squash at snack times and water (available all day) as well as: -

10am & 3.30pm - Butter on toast and fruit.

Nut Allergies (Nut Free Zone) □

At Fair Play we ask that parents / carers to help us guard against the very unpleasant reactions experienced by allergy sufferers by not sending in lunch boxes or as snacks, any nut-based products such as peanut butter, **Nutella** and most chocolate spreads contain nuts, snickers, or similar items.

Please advise Fair Play of any existing or new allergies or intolerances that you child/ren may have.

Children are prone to the effects of food poisoning. Sandwiches should be kept cool, especially during warm weathers. We do not have the facilities to store lunch boxes in our small fridge. Sandwiches are best made fresh in the morning or stored overnight in the fridge. An insulated cool bag is ideal, but a bag padded with newspaper and containing an ice pack will keep your food fresh. Small cartons of juice can be frozen and packed with sandwiches to help keep them cool. Wrap sandwiches in foil, cling film or a food bag inside a lunch box. Children should have a healthy balanced meal, so please do not give children fizzy drinks, chocolate and sweets.

Confectionery Prizes

Fair Play wishes for parents to be aware that sweets are sometimes given out as prizes. If any parent / carer would prefer that their child/ren do not receive confectionery as a prize, then please notify us for recorded purposes.

If you supply sweets for birthday treats to share out, please ensure they have an ingredients list so that we may check their suitability for allergies and or intolerances.
